# NOTES TO THE ANNUAL FINANCIAL STATEMENTS

OF HUGO BOSS AG FOR FISCAL YEAR 2015

## **GENERAL INFORMATION**

The 2015 annual financial statements of HUGO BOSS AG were prepared in accordance with the regulations of the Handelsgesetzbuch (HGB – German Commercial Code) and the Aktiengesetz (AktG – German Stock Corporation Act). Amounts are reported in thousands of euro (EUR thousand).

To ensure the clarity of the balance sheet and the income statement, comments and explanations for individual items have only been included in the notes in accordance with section 265(7) of the Handelsgesetzbuch (HGB – German Commercial Code).

The financial statements comprise the balance sheet, the income statement and the notes.

HUGO BOSS AG prepares its income statement in line with the cost of sales format.

Owing to rounding differences it is possible that individual figures in the annual financial statements of HUGO BOSS AG do not exactly add up to the totals shown and that the percentages shown do not reflect the absolute figures to which they refer.

## **ACCOUNTING POLICIES**

The accounting policies applied in the previous year have been maintained.

## FIXED ASSETS

Purchased intangible assets were capitalized at cost of acquisition and written down on a straight-line basis over an expected useful life of three to ten years. Capitalized purchased goodwill is amortized over an expected useful life of eight or 15 years. The useful lives are based on long-term tenancy agreements.

Tangible fixed assets are carried at acquisition or production cost less depreciation.

Useful lives of eight to 50 years are used for depreciation on buildings, of five to 19 years for technical equipment and machinery, five to 16 years for other equipment and three to 23 years for operating and office equipment.

Additions prior to December 31, 2007 are depreciated using the declining balance method. Additions acquired after December 31, 2007 are depreciated using the straight-line method only.

Low-value assets with an acquisition or production cost up to EUR 150 are written down in full in the year of addition. An omnibus item is recognized for low-value assets with an individual acquisition or production cost of between EUR 150 and EUR 1,000. The omnibus item is written down in profit or loss by a fifth in the year of recognition and each of the four subsequent fiscal years.

Financial assets are measured at the lower of acquisition cost or market value.

## **CURRENT ASSETS**

Raw materials, consumables and supplied are measured at the moving average cost of acquisition.

Work in progress and finished goods are measured at the cost of production.

Production cost includes direct material, direct labor, proportionate material and production overheads, and amortization and depreciation insofar as this is a consequence of production. Also included are general administrative expenses and expenses for social facilities, expenses for voluntary social benefits and occupational pensions, to the extent that they are related to production and are incurred in the production period. Borrowing costs are not capitalized. Production-related development costs are generally included in the calculation of the cost of unfinished and finished goods.

Any risks arising from low inventory turnover and reduced utilization are covered by appropriate write-downs.

Receivables and other assets are measured at the lower of nominal and fair value. Discernible specific risks are reflected by write-downs. A general valuation allowance appropriately covers general credit risks.

Cash and cash equivalents are measured at the lower of nominal and market value.

## **EQUITY**

In accordance with section 272(1a) of the Handelsgesetzbuch (HGB – German Commercial Code), own shares are deducted from subscribed capital at nominal amount on the face of the balance sheet.

## **PROVISIONS AND LIABILITIES**

Pension provisions are calculated for accounting purposes on the basis of the projected unit credit (PUC) method. In line with the PUC method, the provision amount is defined as the actuarial present value of pension obligations earned by employees based on their past service as per the pension formula and vesting provisions. They are calculated using an interest rate of 3.90 % (2014: 4.55 %), dynamic growth on eligible benefits of 2.50%, an adjustment of current pensions of 1.75 % and the Heubeck 2005 G mortality tables. The simplification rule in accordance with section 253(2) sentence 2 of the Handeslgesetzbuch (HGB – German Commercial Code) is used to determine the remaining term of 15 years.

The company holds assets to secure the pension benefits. These assets satisfy the requirements of the first part of section 246(2) sentence 2 of the Handelsgesetzbuch (HGB – German Commercial Code) and can be offset against pension provisions. The assets are measured at market value.

The other provisions cover all discernible risks and uncertain obligations. They are carried at the settlement amount determined in line with prudent business judgement (i.e. including future cost and price increases). Provisions with a remaining term of more than one year are discounted using the average market interest rate.

Liabilities are carried at settlement amount.

## REVENUE RECOGNITION

Sales are recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. This is generally the case when the goods are delivered. Sales are disclosed net of sales deductions such as discounts, price reductions, customer bonuses and rebates.

## **COST OF SALES**

Cost of sales includes all costs incurred to generate the sales. These essentially relate to the costs stemming from all direct material costs and overheads, direct labor costs and production overheads, special production costs and systematically allocable costs from product-related administration expenses of the technical product development, product implementation and sourcing functions.

## **FUNCTION COSTS**

Function costs are broken down into cost of sales, selling expenses and general administrative expenses. Operating expenses are essentially allocated to the respective functions based on the allocation of cost centers to functions. Expenses incurred in connection with cross-functional activities or projects are spread among the functions concerned using an adequate allocation key.

## **CURRENCY TRANSLATION**

Foreign currency receivables and liabilities are translated using the exchange rate on the transaction date and are measured at the mean spot rate on the balance sheet date. Exchange rate losses from assets and liabilities denominated in foreign currency incurred as of the reporting date are recorded. Exchange rate gains from the measurement of current assets and liabilities due in less than one year are recognized in profit or loss pursuant to section 256a HGB (Handelsgesetzbuch - German Commercial Code). Exchange rate gains are recognized in the line item other operating income and expenses from currency translation in the line item other operating expenses. Fixed assets purchased and inventories purchased in a foreign currency are translated at the mean spot rate on the transaction date.

## **DEFERRED TAXES**

Deferred taxes are calculated for temporary differences between the accounting and tax carrying amounts of assets, prepaid expenses and deferred income and liabilities. This takes into account not just the differences in the balance sheet items of HUGO BOSS AG, but also in those of Group subsidiaries and partnerships in which HUGO BOSS AG holds interests. Deferred taxes are calculated on the basis of the combined income tax rate of the tax group, which is currently 29.55% (2014: 28.0%) (corporation tax, trade tax and solidarity surcharge). In deviation from this, deferred taxes from temporary accounting differences at investments with the legal form of a partnership are calculated based on a combined income tax rate including only corporation tax and the solidarity surcharge; this is currently 15.83%. Any surplus overall tax expense is carried in the balance sheet as a deferred tax liability. In the event of tax relief, the corresponding capitalization option is not exercised.

## NOTES TO THE BALANCE SHEET

## 1 FIXED ASSETS

Changes in fixed assets in accordance with section 268(2) of the Handelsgesetzbuch (HGB – German Commercial Code) in fiscal year 2015 are shown in the statement of changes in fixed assets (annex to the notes).

The intangible assets mainly relate to software. The addition of EUR 29,005 thousand (2014: EUR 20,914 thousand) essentially arose from investments in software, associated with disposals within basicsoftware.

The additions to tangible assets in the amount of EUR 31,258 thousand (2014: EUR 12,924 thousand) result from investments expansion of the retail network in Germany, investments in IT-equipment and investments in the Headquarter and Logistic-capacity.

The disposals largely resulted from the disposal of licenses and the disposal of showroom furniture and computer systems.

As in the previous year the depreciation and amortization do not include any write-downs or impairment losses.

Guarantees and collateral for third-party liabilities have only been provided for the benefit of subsidiaries. According to our information, the underlying obligations can be met by the companies in question in all cases. The decrease in contingent liabilities arising from affiliated company guarantees is chiefly due to a change in financial strategy which resulted in a reduction in hedged loan liabilities with HUGO BOSS International B.V. The aforementioned contingent liabilities are currently unlikely to be utilized due to the good net assets, financial position and earnings of operations of the subsidiaries concerned.

## 12 DEFERRED TAXES

Corporation tax, trade tax, the solidarity surcharge and income taxes charged abroad (e.g. eligible withholding tax) are reported as income tax expenses.

In total there was future tax relief from temporary differences between the accounting and tax carrying amounts of assets, prepaid expenses and deferred income and liabilities - taking into account not just HUGO BOSS AG but also the companies and partnerships in the same tax group in which HUGO BOSS AG holds interests - of EUR 11,541 thousand (2014: EUR 12,397 thousand) as of December 31, 2015. This amount was calculated on the basis of a combined income tax rate of 29.55% (2014: 28.0%) (HUGO BOSS AG and tax group companies) and 15.83% (investments with the legal form of a partnership).

Deferred tax assets are primarily the result of different carrying amounts in fixed assets. The differences between the provisions for pensions and the plan assets to be netted off also result in deferred tax assets. Additional deferred assets result from provisions that are not eligible for tax purposes. Deferred tax liabilities mainly arose from differing carrying amounts recorded in liabilities and intangible assets at the entities included in the Group.

Overall, there was a total deferred tax asset surplus of EUR 11,541 thousand after netting (2014: EUR 12,397 thousand). Deferred tax assets have not been recognized in accordance with the option of section 274(1) sentence 2 of the Handelsgesetzbuch (HGB – German Commercial Code).

Deferred taxes are not included in tax expenses.

# OFF-BALANCE SHEET TRANSACTIONS IN ACCORDANCE WITH SECTION 285 NO. 3 OF THE HANDELSGESETZBUCH (HGB – GERMAN COMMERCIAL CODE)

HUGO BOSS uses not just its own land and buildings, but is also a tenant for several other buildings and the associated land. This use is based on real estate lease agreements (operating leases). This helps to reduce capital commitment and leaves the investment risk with the lessor. The leases have remaining terms of eight to eleven years. The leases result in an annual lease expense of currently EUR 15,453 thousand. The lease payments are shown in the list of other financial commitments in accordance with section 285 no. 3a of the Handelsgesetzbuch (HGB – German Commercial Code). These real estate lease agreements contain buyback options for the respective properties.

An amount of EUR 644 thousand (2014: EUR 752 thousand) was for the annual bonus agreed for fiscal year 2015. The annual bonus for 2015 and the multiple-year bonus for 2013 until 2015 will be paid in fiscal year 2016 within a week of the Supervisory Board approving the consolidated financial statements for 2015.

In fiscal year 2015, the Managing Board received an advance installment totaling EUR 2,844 thousand towards the multiple-year bonus for 2014 (2014: EUR 2,844 thousand advance towards the multiple-year bonus for 2013), the final amount of which is calculated on the basis of target achievement for the multiple-year period from 2014 until 2016. Total advances towards the multiple-year bonuses for 2013 until 2015 and for 2014 until 2016 stood at EUR 5,688 thousand as at the reporting date (2014: EUR 2,844 thousand).

## MANAGEMENT PARTICIPATION PROGRAM

Under the management participation program (MPP) introduced in 2008, members of the Managing Board and second-tier executives were given the opportunity to invest indirectly in Red & Black TopCo S.à r.l. in exchange for a one-time payment. Following the restructuring performed at the end of 2009, Red & Black TopCo S.à r.l. had a direct 100% holding in Valentino Fashion Group S.p.A via Red & Black Lux S.à r.l. up until its sale in 2012 in addition to the indirect investment in HUGO BOSS AG. Management of HUGO BOSS has therefore invested not only in the HUGO BOSS Group, but also in the companies of the Valentino Fashion Group not controlled or influenced by HUGO BOSS.

The indirect investment of the managers in Red & Black TopCo S.à r.l. was held via a German partnership with "Red & Black Management Beteiligungs GmbH & Co. KG ("MPP KG"). The managers were limited partners in MPP KG and entered in the commercial register. The limited-partnership share capital was contributed in cash by the partners. The amount of the limited-partnership share equaled the market value of the shares granted in return.

At the end of 2010, the MPP was modified for managers who already held an investment (hereinafter "old managers"), and managers who did not yet hold an investment (hereinafter "new managers") were again offered the opportunity to invest in MPP KG. The new managers acquired the limited partnership interests in MPP KG in December 2010 at the fair value at that time. The previous managers continued to hold the shares in MPP KG they acquired in 2008.

Via the shares held in MPP KG, the management of HUGO BOSS was able to participate in the proceeds from a stock-market flotation or the sales of the shares in HUGO BOSS AG. The right to participate in these MPP proceeds arose pro rata temporis over a multi-year vesting period ending on December 31, 2014. Entitlement to a share of the proceeds was only granted if the manager concerned had not yet left the HUGO BOSS Group on the date of the sale. If a manager left the company prematurely, Red & Black TopCo S.à r.l. had the right to acquire the interests held by the manager concerned.

Red & Black Lux S.à r.l. sold all of the voting rights which it held in HUGO BOSS AG effective March 17, 2015. In connection with this, MPP KG was wound up, the proceeds of the sale distributed to the shareholders and MPP terminated. As a result of the structure of the MPP, this did not have any effect on profit and loss in the HUGO BOSS Group; nor was it required to recognize any assets or liabilities as at the reporting date.

HUGO BOSS AG The Managing Board

Claus-Dietrich Lahrs Christoph Auhagen Mark Langer

## **AUDIT OPINION**

We have issued the following opinion on the financial statements and the management report, which has been combined with the group management report:

"We have audited the annual financial statements, comprising the balance sheet, the income statement and the notes to the financial statements, together with the bookkeeping system, and the management report, which was combined with the group management report, of HUGO BOSS AG, Metzingen, for the fiscal year from 1 January to 31 December 2015. The maintenance of the books and records and the preparation of the annual financial statements and management report in accordance with German commercial law are the responsibility of the Company's management. Our responsibility is to express an opinion on the annual financial statements, together with the bookkeeping system, and the management report based on our audit.

We conducted our audit of the annual financial statements in accordance with Sec. 317 HGB ["Handelsgesetzbuch": German Commercial Code] and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Those standards require that we plan and perform the audit such that misstatements materially affecting the presentation of the net assets, financial position and results of operations in the annual financial statements in accordance with [German] principles of proper accounting and in the management report are detected with reasonable assurance. Knowledge of the business activities and the economic and legal environment of the Company and expectations as to possible misstatements are taken into account in the determination of audit procedures. The effectiveness of the accounting-related internal control system and the evidence supporting the disclosures in the books and records, the annual financial statements and the management report are examined primarily on a test basis within the framework of the audit. The audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the annual financial statements and management report. We believe that our audit provides a reasonable basis for our opinion.

Our audit has not led to any reservations.

In our opinion, based on the findings of our audit, the annual financial statements comply with the legal requirements and give a true and fair view of the net assets, financial position and results of operations of the Company in accordance with [German] principles of proper accounting. The management report is consistent with the annual financial statements and as a whole provides a suitable view of the Company's position and suitably presents the opportunities and risks of future development."
